**NOTICE 03/2026**

**Foot and Mouth Disease Outbreak**

In reference to the current Foot and Mouth outbreak in the Eastern Cape and the 13<sup>th</sup> June 2025 Government Gazette, relating to "Control Measures relating to Controlled Diseases of Cloven-Hoofed Animals".

LSRWUA requests all users that are affected or potentially affected, to supply our Offices or Water Control Officers directly with any sanitization or control protocols necessary for movement across or next to vulnerable areas.

This is required in order for LSRWUA to continue our water supply activities without putting any user activity at risk.
